

# SHRI RAWATPURA SARKAR UNIVERSITY RAIPUR (C.G.)

Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development (CRMA 2025)

March 06 - 07, 2025)

**Proceeding of the International Conference** (A Collection of Conference Abstracts)

> **Editors** Dr. R.P. Rajwade Dr. Surendra kumar Gautam Dr. Anubhuti Koshle Dr. A. K. Sarkar

# Organized by

# **Faculty of Science**

Shri Rawatpura Sarkar University Under the Aegis of Internal Quality Assurance Cell (IQAC)

### **Message of Chancellor**

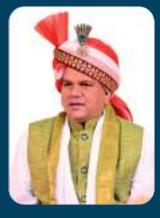

I am profoundly happy to learn that Faculty of Science, Shri Rawatpura Sarkar University, Raipur is organizing the International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development" 6 – 7th March 2025

This multidisciplinary approach will advance our understanding of complex problems and drive innovation towards more sustainable and equitable solutions. The conference will provide scope to enhance scientific and research activities in the University and also it would provide valuable and informative ideas to the participating students, researchers and academicians.

I convey my best wishes for the success of the event

Anant Vibhushit Shri Ravishankar Ji Maharaj (Shri Rawatpura Sarkar)

Honorable Chancellor Shri Rawatpura Sarkar University, Raipur

## **Message of Pro Chancellor**

It gives me immense pleasure to know that Faculty of Science, Shri Rawatpura Sarkar University, Raipur is going to organize an International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development" 6–7th March 2025.

The International Conference will offer a premise for experts to gather and interact intensively on the theme covering various fields of Science and Technology and the deliberations will derive multifold benefits for students, researchers and academician of India and abroad.

I congratulate the Faculty of Science, Shri Rawatpura Sarkar University, Raipur for bringing out the souvenir and at the same time wish them success in their entire future endeavor.

I wish the International Conference a great success

**S. S. Bajaj** Pro-Chancellor Shri Rawatpura Sarkar University, Raipur

### **Message of Vice Chancellor**

I am delighted to know that that Faculty of Science is going to organize an International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development" (CRMA 2025) on March 06 - 07, 2025.

This conference stands as a testament to our shared commitment to advancing knowledge, innovation and collaboration in science and technology. This conference aims at the critical synergy between biological and physical sciences in addressing climate challenges. By fostering innovation and collaboration across disciplines, we can develop sustainable solutions for a resilient future.

I commend the organizers, researchers, and participants for their dedication to this vital cause. May this conference spark new ideas, foster meaningful connections and leave a lasting impact on the academic and professional journeys of all the participants inspire meaningful discussions and impactful actions toward global sustainability.

I wish a grand success to the Conference.

**Prof. S.K. Singh** Vice-Chancellor Shri Rawatpura Sarkar University, Raipur

## **Message of Registrar**

I am delighted to extend my warm greetings to all participants of *CRMA 2025* – *Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development*, being held on 6th–7th March. This conference serves as a vital platform for researchers, academicians, and industry experts to exchange ideas and innovative solutions for addressing climate challenges through an interdisciplinary lens.

The urgency of climate resilience necessitates a collaborative approach, integrating insights from biological and physical sciences to drive sustainable development. By fostering dialogue and research across diverse scientific domains, we can contribute to a greener, more sustainable future. I deeply appreciate the efforts of the organizing committee for curating this intellectually stimulating event, which will undoubtedly lead to impactful strategies for climate adaptation and mitigation.

I encourage all participants to engage actively, exchange knowledge, and forge meaningful collaborations that will pave the way for transformative change. May this conference inspire groundbreaking research and solutions that benefit both present and future generations.

Wishing you all a successful and enriching CRMA 2025!

**Dr. Saurabh Sharma** Registrar Shri Rawatpura Sarkar University, Raipur

### **Message of Dean Academics**

It is with great pride and enthusiasm that I welcome all the participants to the International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development" scheduled during 6<sup>th</sup>, 7<sup>th</sup> March 2025. The conference serves as an essential platform for fostering academic excellence, interdisciplinary collaboration and innovative research in addressing the pressing challenges of climate change and sustainability.

The integration of biological and physical sciences is crucial in developing strategies for climate resilience. Through this conference, we aim to encourage meaningful discussions, exchange of knowledge and groundbreaking research that will contribute to a sustainable future.

I extend my sincere appreciation to all researchers, academicians and industry experts for their contributions. I am very much confident that the deliberations and insights shared during this event will lead to transformative advancements in climate science and sustainable development.

I wish for the grand success of the conference.

**Dr. R. R. L. Birali** Dean Academic Shri Rawatpura Sarkar University, Raipur

Prof. Anubhuti Koshle

Prof. Satyaj Tiwari

Prof. A.K. Sarkar

It is our great pleasure to welcome all participants to the International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development", scheduled for 6th – 7th March 2025. This conference aims to bring together researchers, academicians, and industry experts to discuss the latest advancements and interdisciplinary strategies for addressing climate resilience and sustainability challenges.

With the increasing global focus on climate change mitigation and adaptation, this conference provides a vital platform for exchanging ideas, fostering collaborations, and exploring innovative research approaches. The integration of biological and physical sciences is essential in developing sustainable solutions, and we hope this event will inspire meaningful discussions and impactful research contributions.

We extend our gratitude to all contributors and participants for making this conference a success. We look forward to insightful deliberations that will drive positive change toward a resilient and sustainable future.

Dr. Anubhuti Koshle, Dr. Satyaj Tiwari and Dr. Ashis K. Sarkar Conveners Shri Rawatpura Sarkar University Raipur

Dr. R.P. Rajwade

Dr. S.K Gautam

Dr. Rishi Jaiswal

It is our pleasure to welcome you to the International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development", taking place on 6th – 7th March 2025. This conference is designed to explore emerging challenges in climate resilience through a multidisciplinary perspective, integrating the expertise of biological and physical sciences.

We envision this conference as a hub for exchanging ideas, discussing innovative research, and fostering collaborations that can lead to sustainable solutions for climate adaptation and mitigation. Through diverse sessions, we aim to encourage dialogue on critical scientific advancements and policy interventions for a sustainable future.

We express our sincere gratitude to all speakers, participants, and contributors for making this event possible. We look forward to engaging discussions and impactful research presentations.

Dr. R.P. Rajwade, Dr. S.K. Gautam and Dr. Rishi Jaiswal Co-Conveners Shri Rawatpura Sarkar University Raipur

Dr. Piyush Jha

Dr. Madhavi Pandey

Dr. Namita Gajendra

Dear Participants,

It is our immense pleasure to welcome you to CRMA 2025 – International Conference on Climate Resilience through a Multidisciplinary Approach, organized by the Faculty of Science, Shri Rawatpura Sarkar University, Raipur (C.G.). This conference aims to bring together leading experts, researchers, and professionals from diverse scientific domains to address the critical challenges of climate resilience and sustainable development.

CRMA 2025 provides a unique platform to explore cutting-edge advancements in **Biological and Physical Sciences, Climate Resilience, AI & Computational Science, Nanotechnology, and many more multidisciplinary fields.** With distinguished keynote speakers, engaging discussions, and high-impact research presentations, we anticipate an enriching exchange of knowledge and ideas.

We encourage you to actively participate, present your research, and connect with global scholars. Selected papers will have the opportunity for publication in **Indexed Journals.** We extend our sincere gratitude to all contributors, organizing members, and participants for making this event possible. Looking forward to welcoming you to **CRMA 2025** and witnessing inspiring discussions that will shape the future of sustainable science and technology.

Dr. Piyush Jha, Dr. Madhavi Pandey and Dr. Namita Gajendra Organizing Secretary Shri Rawatpura Sarkar University Raipur

VIII

#### Message from Editor in Chief

It gives me immense pleasure to share the experience of almost 5 Year 7 months in Shri Rawatpura Sarkar University Raipur. Faculty of Science organizing the International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development" 6–7th March 2025

The main objective of this seminar is to bring together academics, researchers and industry delegates under one roof to address challenges in areas such as healthcare, energy, and environmental sustainability.

The National Seminar will also provide a platform to the under graduate and post graduate students, research scholars, experts and industry delegates to keep their views in these areas and to help the community of the civilized world for the betterment and sustainable development to the human-kind.

I truly thank Parampujya Shri Ravishankar Maharaj Shri for his blessings and Mr. S.S. Bajaj, Pro-Chancellor, Prof. S. K. Singh, Vice Chancellor, Dr. Saurabh Kumar Sharma, Registrar, Prof. R.L.L. Birali, Dean Acedemics and Mr. M.K.Singh, HR for his unconditional support and patience.

I congratulate all CRMA2025 team members and colleagues for organizing the International Conference and convey my heartiest greetings to the delegates and participants.

#### Dr. R. P. Rajwade

Editor in Chief & Co-convenor (CRMA 2025) Shri Rawatpura Sarkar University Raipur

### Message from the Editor

It is a privilege to present the abstract book for the International Conference on "Climate Resilience through a Multidisciplinary Approach: The Role of Biological and Physical Sciences in Sustainable Development", organized by the Faculty of Science, Shri Rawatpura Sarkar University, Raipur, on 6th – 7th March 2025.

This conference aims to bring together academicians, researchers, and industry experts to explore innovative solutions for global challenges in healthcare, energy, and environmental sustainability. It also provides a platform for students, scholars, and professionals to share knowledge and contribute to sustainable development.

I extend my sincere gratitude to university leadership, organizers, and contributors for their unwavering support in making this event possible. I also congratulate the CRMA2025 team for their dedication.

Wishing all participants a successful and insightful conference!

**Dr. Surendra Kumar Gautam** Editor & Co-Conveners (CRMA 2025) Shri Rawatpura Sarkar University Raipur

108	Growing food in high-rise farms using Hydroponics and Aeroponics. Rafia Anjum	CMRAPP23	108
109	Luminescence studies of Pr 3+ doped Ba 3 Bi 2 (PO 4) 4 phosphor Suman Agrawal* and Piyush Jha	CMRAPP24	109
110	Luminescence studies of Pr 3+ doped Ba 3 Bi 2 (PO 4 ) 4 phosphor Suman Agrawal and Piyush Jha	CMRAPP25	110
111	Environmental Assessment and Management through Multispectral Remote Sensing Techniques Muskan Khan	CMRAPP26	111
112	Green Synthesis and UV-Visible Characterization of Silver Nanoparticles from Citrus macrocarpa fruit Secondary Metabolites and its antibacterialactivity against Xanthomonas oryzae Rahul Kumar Rathore, Rupal Purena, Khushbu Verma, Dhanjay Tadon, Madhvi Pandey, Misha Martin and A.K. Sarkar	CMRAPP27	112
113	Green Synthesis and Characterization of Zn Nanoparticles from <i>Citrus macrocarpa</i> fruit Secondary Metabolites and study of its antibacterial activity. Kumkum Izardar, Khushbu Verma , Rupal Purena , Dhanjay Tadon, Madhvi Pandey, Misha Martin and A.K. Sarkar	CMRAPP28	113
114	Green Synthesis and Characterization of Zn Nanoparticles from <i>Citrus macrocarpa</i> leaf Secondary Metabolites and study of its antibacterial activity against <i>Xanthomonas oryzae</i> and <i>E.coli</i> ." Anjali Sahoo, Rupal Purena, KhushbuVerma, Dhanjay Tadon. Madhvi Pandey, Misha Martin and A.K. Sarkar	CMRAPP29	114
115	CRISPR Technology Atharv Vaishnav, Tanu Gupta, Anne Bardhan and Bhumika Yadu	CMRAPP30	115
116	Study of Structure and Functions of Organic Light Emitting Diodes Shivranjani Bairwa and Rishi Jaiswal	CMRAPP31	116
117	Screening of PHA-Producing Fungal Strains Using Sudan Black B Staining Devashish Reddy, Madhavi Pandey, Dhanjay Tadon, Rupal Purena, Khushbu Verma, Misha Martin and A.K. Sarkar	CMRAPP32	117
118	Isolation and Characterization of Fungal Probiotics from Dairy Products. Mayank Hanotwal, Madhavi Pandey, Dhanjay Tadon, Rupal Purena, Khushbu Verma ,Misha Martin and A.K. Sarkar	CMRAPP33	118
119	Diversity and Distribution of Freshwater Turtle and Tortoise around Sarona Pond along Raipur District, Chhattisgarh Robina Ekka and Namita	CMRAPP34	119
120	In Silico Molecular Docking and Antibacterial Studies of HydroxamicAcids Akankshya A. Mahakur , R. Sao , M. Bagel , A. Kumar , D. Kumar and R.P.Rajwade	CMRAPP35	120

121	Determination of hydrophobicity (logK W ) of hydroxamic acids by RP-HPLC and Partial Least- Square (PLS) modelling. Govardhan P. Shrivas , Lakshmi Narayanan , R.P. Rajwade and R. K. Banjare	CMRAPP36	121
122	Monitoring and Evaluation of the Water Quality Parameters of Rural Areaof Korba District, Chhattisgarh Gulshan K. Uike , A. K. Kelan , Dushyant Bais , J. Diwan and R.P.Rajwade	CMRAPP37	122
123	Quantitative Structure-Property Relationship for Lipophilicity of N- Arylhydroxamic acids Leena Jaiswal, Nidhi Saju and R.P.Rajwade	CMRAPP38	123
124	Assessment of The Physiochemical Parameter of Ground Water Samples of Kartala Block, Korba (C.G.) H. Katkwar, Lokesh k Yadav, S. Paikra, F. Ghritlahre, J. Diwan and R.P.Rajwade RNA Interference (RNAi): A Sustainable approach for plant improvement	CMRAPP39	124
125	Anusha Yadav, Rupal Purena, Khushbu Verma, Dhananjay Tandon, MadhaviPandey, Misha Martin and Ashis Kumar Sarkar Determination of hydrophobicity (logK W) of hydroxamic acids by RP-HPLC and Partial Least- Square (PLS) modelling.	CMRAPP40	125
126	Development Of Air Quality Monitoring Test Kit Tushar Prajapati and Dhananjay Tandon	CMRAPP41	126
127	Latest Enzymes Discovered for Cancer Treatment Stuti Hari and Disha Sahu	CMRAPP42	127
128	Production of antibiotics form novel microbial source Pooja sahu	CMRAPP43	128
129	Plant Callus: A Cornerstone for Regeneration and Biotechnology Monika Tiwari, Jitesh Sahu, Nikhil Verma, Madhavi Pandey, Dhanjay Tadon, RupalPurena, Khushbu Verma, Misha Martin and A.K. Sarkar	CMRAPP44	129
130	Comparative Analysis of Salt Stress Tolerance in Different Rice ( <i>Oryza sativa</i> ) Varieties During Germination Keshav Kodopi and Surendra Kumar Gautam	CMRAPP45	130
130	Review on Rare Earth doped Phosphate Phosphor Biswajeet Mukherjee and Piyush Jha	CMRAPP46	130
131	Green Synthesis of Nanoparticles Using Medicinal Plants: A Sustainable Approach forpotential future Likheswar Manhare, Shraddha Verma, Nitesh Singh and Khushbu Verma	CMRAPP47	131
132	A Comparative Analysis of Phyllotactic Patterns and Leaf Morphology in ShriRawatpura Sarkar University Campus Vegetation Vivek Patel and Surendra Kumar Gautam	CMRAPP48	132
	1		

133	Advances in Understanding and Treating Leukemia: A Comprehensive Review Muskan dewangan and Aaryan pradhan	CMRAPP49	133
134	Keratinophilic Fungi Pathogenicity to the Birds at the Location of Naya Raipur Lumesh Sahu and Loknath Deshmukh	CMRAPP50	134
135	Dietary Fiber Recommendations For Diabetic Patients And Daily calorie Intake Ashwin Meshram, Pratibha Chokhi and Chittranjan Yadav	CMRAPP51	135
136	Isolation of Entophytic fungi from Plant Girish Hansraj, Dhananjay Tandon, Misha Martin, Rupal Purena, Madhavi Pandey, Khushbu Verma and Ashis Kumar Sarkar	CMRAPP52	136
137	Advances in Understanding and Treating Leukemia: A Comprehensive Review Cheshta Kurre, Dhananjay Tandon, Rupal Purena, Madhavi Pandey, Khushbu Verma, Ashis Kumar Sarkar, Misha Martin, Chaitanya Nigam and Rupam Nigam	CMRAPP53	137
138	Use of Natural Coagulants from Fruit Peels for Wastewater Treatment in the industrial area of Mahasamund District, Chhattisgarh (India) Anjali Patel* and Sonal Choubey	CMRAPP53	138

"शिक्षा का मुख्य कार्य मनुष्य के भीतर नये नये विचार उत्पन्न करना है। ईश्वर ने मानव मस्तिष्क में अपार ऊर्जा एवं योग्यता दी है। शिक्षा इन शक्तियों को प्रयोग में लाने में मदद करती है।"
