Preface

Global Citizenship Education is the need of the hour in this present arena of the contemporary world. Since, the development of the science and technology limits the distance and time to reach out the people of distant places, to access the knowledge of varied fields, to avail the resources and opportunities for our entire well-being. This aspect of globalization is not enough for peaceful co-existence of the human being which requires the type of education that develops awareness and understanding about global culture and religion and develops the consciousness of brotherhood, peace, sustainable development, protection of environment, thus develops the concept of Global Citizenship Education. This very concept will be familiarized among masses through education and this is very indispensable for educational fraternity to step forward in this regard and the present edited book is our efforts in the view of GCED consists of various concepts, principals and objectives of GCED, Curriculum, pedagogical aspects, role of language and other aspects in developing GCED.

Objective of the book:

1. To create awareness among educational fraternity about GCED.

2. To develop understanding of the course content for nurturing GCED consciousness
3. To create various pedagogical methodology for teaching and learning.
4. To understand the importance of language in GCED.

As the editors of the book, we express our sincere thanks and appreciation to all the authors who have contributed their valuable knowledge to compose this book titled as “**Global Citizenship Education: A Pressing Priority of the Era**”

Editors
